2008-2009 LPS Annual Report now available online

The 2008-2009 Littleton Public Schools Annual Report is now available to the public online. Each year, school districts in Colorado report their performance to their communities, based on requirements in Colorado Accreditation Rules and the No Child Left Behind Act.

The LPS Annual Report includes goals, objectives and plans for improvement. Specifically, in the report, you will find district improvement goals and the progress we've made toward those goals, as well as information regarding the following:

- Colorado Growth Model
- CSAP results
- Other LPS testing results
- No Child Left Behind (AYP, teacher quality, post-secondary readiness)

In past years, LPS printed and mailed its annual report. Providing the report electronically saves the district about \$20,000 annually.

The 2008-2009 LPS Annual Report can be accessed at www.littletonpublicschools.net. Hard copies of the report are also available by calling 303.347.3396.
