

FROM THE SUPERINTENDENT

Littleton Public Schools is proud of the superior services we offer to our gifted and talented students. In fact, many families open enroll their students in LPS from other school districts just so their children can take part in our G/T program.

Why is our G/T program so successful?

1. We believe gifted children must be challenged. That's why we offer such extensive programs, activities, and instructional strategies.
2. We believe children are most comfortable and perform their best when they can remain at their home school. That's why we offer G/T services in all of our schools across the district, not just in a centralized location.
3. We believe parents are their children's first and most important teachers. That's why we value so highly your involvement and input in your child's education.

Every child has a gift. It's our job to find it and help it grow. I think you will find our gifted and talented program a successful and integral part of your child's educational experience. We look forward to the opportunity!

Scott D. Murphy
Superintendent

MISSION STATEMENT

To educate students
for the future by
challenging every individual to
continuously learn, achieve, and act
with purpose and compassion
